Your health and safety are Golden 1 Center's top priorities. As we prepare to host future private events at Golden 1 Center, here's an overview of the enhanced operational procedures and policies that we are implementing at a minimum.

Golden 1 Center has rigorous cleaning protocols in place and is committed to conscious and intentional processes to promote healthy and safe best practices for our guests and arena staff that will become a consistent standard for all of our special events during high- and low-risk time periods alike. We continue to follow the health and safety guidelines recommended and/or mandated by the CDC, medical experts and government officials.

GOLDEN 1 CENTER COVID-19 TASK FORCE:

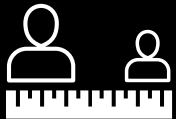

Golden 1 Center has a dedicated task force that works in coordination with the NBA, CDC, medical experts and local health officials to continue to monitor COVID-19. This dedicated team will remain in contact with event leads to communicate changes to procedures and ensure all events are executed safely.

The entire arena is sanitized after each event using hospital-grade disinfectant. All areas of the building, including every seat, door and door handle, are wiped down and disinfected following each event.
